Thank you to those who provided articles for this month. Joe is aiming to do a story on the restoration of his caravan for one of the coming months. Sympathy

Our sympathy to Ann Hindley on the death of her 100 year old mother Florence.

AGM 12th September

Speaking of Committee, we need your help, members, with the management of the Club for the next year. Please offer a bit of your time to help out. We especially need members to help with events. Even if you could only arrange one in the year but be about to help out at meetings or events that would be much appreciated.

Absence

I'll be overseas 8—25 September. Bob Judd has kindly offered to complete the October issue. I will get as much as possible done before I go away and hopefully Bob and Bricet will come back from their trip none the worse for wear. So anything you need to get into the October Colonial, please send to Bob.

At Presentation Night I thanked those who help get the Colonial out to you. Joe Vavra does the labels for posting, Graham Waite does the copying, Dave Byers collects and after Lilly, Keith the Joan have done the sealing and labelling, Dave posts them. Meanwhile, I have emailed to those who get it that way. So thanks everyone. Cheers, Helen

President's Report - John Senior

It was with some trepidation that I volunteered for the positions of either Vice President or President. The confidence of the member nominating me as President gave me the encouragement that I needed to do my utmost to carry out the duties and obligations assigned to that position. I hope I have not fallen short in my efforts.

To say the least it has been a learning curve and I must say one that I have enjoyed. It goes without saying that my task has been made easier by the wealth of knowledge and experience of the members of the committee who have guided me throughout the year.

The business matters that have arisen through the year have been dealt with and those that require continuing attention I am sure will be dealt with in due course by the incoming committee.

During the year we have lost some of our members which saddens us all and I can only hope that new and younger member will take up the challenge to elevate our club to greater heights of enjoyment and achievement. Lastly I wish to thank you the members for your support of your car club and hope the incoming committee can rely on your continued attendance at meetings and club runs.

I thank you one and all.

Constitution Changes

Proposed changes to the club's constitution dealing with approval of new membership applications were published in *The Colonial*. The amendments involve the removal of two sentences from the constitution and allows for the automatic acceptance of new membership applications.

Bob Judd on behalf of the committee proposed the changes and that the

members agree to the changes

The following indicates the proposed changes to the Constitution:

The following is the extract from our Constitution showing a mark-up of the current words, which the Committee believes, will provide the wording to accomplish the proposed changes:

“5.3 Application for Membership

5.3.1 Persons wishing to become members shall complete such application forms and comply with such conditions as are specified in the By-laws in force at that time.

5.3.2 Every applicant for membership must have a proposer and seconder, both of whom should be members. The acceptance for membership shall be dealt with by the Committee, at least 2 weeks after publication of their application in “The Colonial” (insert) “as quickly as possible”

5.3.3 Any member who objects to any applicant becoming a member should appear before the Committee and/or state in writing their reasons for so objecting. In the latter case, the letter should be in the hands of the Secretary at least three days prior to the meeting.

5.3.4 (Change numbering) any applicant approved by the Committee may become a member of the Association on payment of a nomination fee and the annual subscription or lesser subscription as determined by the committee from time to time.”

The amendment was Moved Bob Judd Seconded Helen Phillips Carried

Treasurer's Report Bob Judd

As my predecessor, Gerry Walker, was able to report this time last year, the Club remains in a strong financial position. As a consequence, I have not recommended any rise in the fees level, which remain the same as those paid over at least the last four or five years.

I would like to thank Graham Bigg for providing support over the past year in his role as Assistant Treasurer and Gail Boate who has audited the Cub's accounts at the end of this year, and the many, many years previously. I look forward to their continued support over the coming years.

Thanks also go to Gerry Walker who handed over the books after many years sitting in this chair. His work over many years has been tireless and has enabled the Club to reach the strong financial position in which we now find it.

May I also than my fellow Committee members who have provided assistance and guidance over the past year. This small band of warriors need your assistance – they cannot continue without some members stepping up to help carry the load. The absence of volunteers is very disappointing, and, frankly, not very encouraging.

The Club currently has more than \$40 000 sitting in fixed term interest bearing deposits, but it has no plans at all to do anything with the money. This is a wasted resource. It is fantasy to suggest that we are waiting to buy our own premises, especially as we receive no assistance from any outside organisation. I would like to think that something positive can be done with these funds – preferably for the benefit of the members who have contributed these funds. I await your directions.

As for now, we press on and aim to provide a service to our members that is both useful and worthy.

SUNDAY 13TH AUGUST - PRESIDENT'S OUTING

The run commenced at Spotlight carpark where some ladies partook in some retail therapy. New members Ian and Marion Hooley in their Toyota Cressida was making their first run. Charlie Adams was at the start with his new dog - making friends with all.

The trip to Bungendore was a nice drive and the exhibition of items at Woodworks Gallery was extensive. A professional and passionate presentation was given by Mahala Hill who explained the details of the new Geoff Hannah Cabinet and demonstrated some of the secret compartments held within. She also pointed out other exhibits by the same artisan. Good presentation. Well done!

Some members left the outing at this point and the remaining ones set off to Contentious Character Winery at Wamboin for lunch. Upon arrival we were informed by staff that they had no record of a booking being made for us, but they would try to accommodate us. In the mean time we were treated to a tour of the barrel room and then a wine tasting where some produce was purchased. As there was so many of us (more than 15) we were to have a Functions Menu and the cost was \$40 - \$55 per head. This reduced the numbers to 10 people. The remainder were given a table and a cheese platter between two with the meal being ready in approx. 20 to 30 minutes. Some 2 ½ hours passed and the meal was still 20 to 30 minutes away so we decided to pay for what we received (cheese platter) \$12.50 and left at 3.30pm.

Was a disappointment, but a nice day for a drive.
I am sure John would have made a reservation.
Regards Chris.

I agree it was a lovely drive Chris and the first leg was very good. I quickly knocked the \$55 menu on the head and admit I even bottled out for \$40. We had such a lovely meal the night before, all I needed was a bowl of soup. Nice to see so many as far as Bungendore anyway. Helen

What a patient man
Geoff Hannah must be.

BUYING A BUICK ON A LONG WEEKEND

I found an ad in the Australian Buick Club monthly magazine. Talking to the owner on the phone, he said Phil, don't come down Sunday as I have agreed to let my mechanic borrow the car for a drive on Sunday to make up with his girlfriend. He said come down on Monday and via Macquarie Pass would be easiest.

So off we went at around 9 am on Monday. Myself, Fay and neighbour Wanda. We arrived at Harry's place at around 1.30 pm.

After looking over and checking the car in Harry's front yard, I noticed a few things needed to be tidied up. Then we went for a test drive just Harry and I. Harry drove first and he said Phil you have to be careful because she just wants to keep going when you get over 60 mph. I drove back and found it pleasant and easy to drive even though it was left hand drive.

On return Harry and I sat down and discussed the price. We couldn't come to an agreement and Fay didn't want to get involved in the matter. Then Wanda suggested that we meet half way. Harry politely said to Wanda "Why don't you take a wander, Wanda". Ha Ha big joke. So I decided to say no to his price and told Harry he has my number if he changed his mind. We were trying to get over the mountain before dark so we left.

We got about 10 kms away and the phone rang causing Phil to head towards Jamberoo. It was Harry saying he would accept Phil's offer. So back we went. On return we exchanged money and paperwork. Harry gave me the handbook for the car. Then he said he was going to give me \$100 for petrol had I not beat him down in price—the gauge was on empty.

Sp we left Harry's at around 4.30 pm and Wanda was driving our Commodore with Fay as passenger. I was following in the Buick. Then Wanda took the same turn I took and we were heading towards Jamberoo again.

Fay threatened to kill Wanda if I ran out of petrol because of the traffic situation. I had to pull into the worst small service station. It was hard to manoeuvre the Buick in such a small area. Cost \$100 to fill up. It was one way traffic but we had to go back to get to Macquarie Pass. All the traffic was heading back towards Sydney from the coast after the long weekend. Finally got back to the Macquarie Pass turn-off. Half the road was closed in two places on the pass and was controlled by lights.

After passing Goulburn, I phoned Fay and said I missed the turn-off to Canberra so I would go through Yass and see them at home. Fay called

back and said you haven't missed the turn, we just passed you. I must have been concentrating on semi trailers and traffic and got confused. I caught up to them and we made it home safely.

The moral of the story is **DON'T GO TO KIAMA AND BUY A BUICK ON A MONDAY OF A LONG WEEKEND.**

PLEASE HELP ME—I am trying to track down my late grandparents' old Morris Oxford.

1961 Morris Oxford Series 5. They purchased it new in 1961 from Purnell Motors Arncliffe, Sydney. I believe the car was last registered in 1988 and may have spent some time in Hazelbrook, Blue Mountains up until very recently. I am led to believe the car was purchased from a small car yard in Blacktown, Western Sydney and is now in the Queanbeyan/ACT area.

The vehicle's 2 tone paintwork turquoise and white colour scheme make it easily identifiable. I believe the vehicle is tired and rundown with faded paint and surface rust.

Any information on its whereabouts would be greatly appreciated.
