Keep Well

Sorry to hear Phil Donoghoe has had a health scare but luckily the cause has been found and he is having treatment. Good luck, Phil.
Coralie Amos is recovering from her broken wrist but has now had a bad skin cancer removed. Roger is being a good husband.
I hope any other member who has had health problems recently is on the mend. Let Roger or I know if you think anyone needs a card from the Club.

Sympathy

Our sympathy to the family of foundation and life member Ollie Walker who passed away on 24th May. A broadcast email was sent out advising members of his funeral on 1 June.

Membership renewals

Membership fees are payable by 30th June to keep your registration legal. Renewals are included in this June Colonial, except for e-Colonial people whose I have posted.

Warning to those who choose not to pay family membership—the subsidy for the presentation night may be as much as \$20 so if you haven't included your partner in your membership, you will be up for the difference for that evening.

Cheers, Helen

THANK YOU

In the April Colonial, members were asked if they could help out by giving a talk at a day care centre at the Holy Covenant Church at Cook.

Jenny Madden was keen to have someone talk to their participants about how old cars are restored and cared for.

Thank you to Graham Gittins for offering to do this.

A DEEP THANK YOU FROM RADIO 1RPH

Dear Graham

Thank you so much for inviting me to address your Club this week. I really enjoyed telling your members about Radio 1RPH & I hope they enjoyed my presentation.

I was quite taken aback by the generosity of your donation to 1RPH, indeed I had no such expectation.

Everyone here at 1RPH was delighted with the cheque which you presented to me.

What I propose to do, with the approval of your committee, is to prepare an 'ad' thanking your Club for its generosity towards us.

I should like to include these 'ads' (we call them 'carts') in our live to air programs (Morning 7-9 am & evening 6-8pm.)

These will continue daily for at least a month.

Please confirm that you are agreeable to this proposal.

Yours Sincerely

Lorraine Lister

President RADIO 1RPH

Go ahead was given for these ads to go to air.

TADACT – WHEELS 2018

Technology for Ageing and Disability (TADACT) is a small local charity organisation that makes and modifies equipment for people with disabilities of all ages, and also provides equipment solutions for older people.

A number of our CACMC members carry out voluntary work for TADACT. At the end of June 2016 TADACT lost its funding from the ACT Government, which used to cover over 60% of its operational costs.

Being the nominated charity for Wheels 2018 and collecting just over \$6,000 in donations, will help TADACT to continue to exist. Thank you to CACMC and the Council of Motor Clubs for your support.

If you know of any organisation looking around for a charity to support, or have an idea for fundraising, or know someone who wants to make a living bequest, please contact me.

Similarly if you have some skills and time on your hands, or if you know of someone in that situation, please make contact as we are always looking for volunteers.

Thanks again. Graham Waite.

ANNIVERSARY RALLY TO TASMANIA

There was great early support for this Rally but the number has been whittled down since the expressions of interest. But there are still enough to get a discount for a group.

The planned start date is Thursday 8 November 2018, with a duration of 3 weeks. The Tasmanian Tourist Bureau will help organise the travel arrangements. Before they left Gerry and Graham firmed up bookings for those travelling on the Spirit of Tasmania. Wait until late June to speak to them again.

VALE OLIVER FERGUSON WALKER 24th May 2018

Known to us as Ollie

Ollie was a Foundation Member of the Canberra Antique & Classic Motor Club in 1968. He was also on the first official monthly run of the Club on 19 January 1969 in his 1927 Model T Ford.

Fast forward to the 2008 Register of Members and he had a 1934 Chev Coupe, 1953 Austin A30, 1960 Chev Belair, two motorbikes and a caravan. Then in later years Fords came into the picture and I believe this is a 1917 Ford Model T.

This picture with Harry Crawford was taken in December 2008.

Ollie was made a Life Member in 2014.

Ollie's funeral is on Friday 1st June at 12 noon at the Crematorium and a number of old time members of the club are expected to attend.

Ed.

NATIONAL MOTORING HERITAGE DAY 20TH MAY 2018

Austin 7 out and about again.

When I got my car on the road a few years ago, the engine was quite smoky.

I had used an engine that someone rebuilt in the 90s as part of an unfinished restoration.

After a long time thinking about putting new rings in the Austin 7 I finally bit the bullet and as a winter project for 2017 I dismantled the engine.

I did a timelapse video of this process which is available at <https://youtu.be/RNgN50icuH0?list=PL9iLQDKLI98WfnYICiYMffaHNS7eyacMM>

I managed to source a new set of rings from a fellow called Trevor Macgregor- Pacific engine parts in Melbourne.

He has a lot of new old stock rings and can create a set based on your needs.

I got my other parts - new Conrod bearings and gaskets from the Vic Austin 7 Club.

I honed the engine block with help and advice from members of the Fiat Club and cleaned up all the parts. I put the engine back together in November and took it for a few short drives only to find the generator was not charging.

Turns out the armature is kaput. Harry Crawford gave me a few old ones to get tested at the auto electrician but they were no good either.

On Harry's advice to just put it back together and enjoy day time drives, I reassembled the generator on our dining table and got the car going for motoring heritage day.

I took my daughters Sophie and Juliet with me . They were wrapped in blankets to stay warm. We arrived a bit late, got a takeaway hot chocolate and joined the convoy. I realised I hadn't topped up fuel before the drive so we stopped in Watson, lost the convoy and then started the catch up.

We skipped Gungahlin and took the Barton Hwy to Kuringa Drive.

I was quite worried about Coppins crossing and the steep hill coming up from the river, but with a chorus of “you can do it” from all on board we made it.

We were back on track, and after skipping the Athlon drive section we filed in in front of Carl at the Isabella drive round about.

The rest of the drive went well and we made it back to the War Memorial, had a chat then headed home.

Altogether we travelled 80 miles and the engine is no longer smoking and also has what can be described as more ‘power’.

I created a short video of the drive.

See <https://youtu.be/q7daCoYR5-A?list=PL9iLQDKLI98WfnYICiYMffaHNS7eyacMM>

Hopefully you’ll see us at the next event.

I am a member of the Vintage, Veteran & Classic MOTORCYCLE Club of Canberra so I understand that old documentation can be of great interest to enthusiasts. I have two small books, as shown below, that may fit into this category and I would like to see them go to a good home. I wouldn't mind getting some fair payment for them if that is appropriate, but my main interest is seeing them go where they would be used and appreciated. Can they be advertised on your web site or added to your club library or some such?

HOW CAN YOU HELP THE CLUB?

You will have seen that Phil Donoghoe is not well, perhaps you can lend a hand on the Events Committee.

Could you do supper for a meeting once a year—doesn't have to be sponge cakes or the like, sandwiches always go down well or a bun loaf sliced up and buttered. Just something a bit more enticing than dry biscuits! Keep your dockets for reimbursement.

Is there someone out there who would like a turn as Editor? Perhaps “job share” - we could work around operations and holidays!! I will be able to do the July issue but may need help with the August one if I can get my knee replacement done.

And of course, support events and meetings. Helen.
