## EDITOR'S PAGE

Thank you to those who provided articles and photos for this month. Always after restoration stories or stories about recent cars you have acquired. There was a lot of extra curricula activity this last month- the Gracelands exhibition, the Mundi Mundi Bash, the Seniors Expo and while in Bathurst I spotted the Toets at a Packard rally. Haven't had a report on Wamboin but heard they stopped counting at 400 cars.

### Week Day Social Lunches

Friday 3rd June 2022 and every first Friday  
Southern Cross Bistro, Woden Table 405  
12 people @ 12 noon

### NO RUN ON THE THIRD FRIDAY OF JUNE.

Graham Bigg can no longer do the Retreads bookings. So until we get another member to take this over there will be no third Friday lunch runs. The first Friday lunches will continue.

### Keep Well

To all those members battling ill health, please get well soon. Please contact the Secretary and let him know of any member not well, or having a special birthday or about the death of any member. Thinking of Billy de Graaf as he battles ill health.

I didn't end up with Covid—it just seemed to be exhaustion from doing too much. Hope everyone else who has had it is recovering well.

### Suppers after the meetings

We will need a new organiser for suppers when we can have them as Gail Boate is no longer able to do this. Please talk to Gail about what has to be done 6297 9360. Members contribute and you can buy what is needed from these funds.

### Membership Fees

Your membership is due by the end of this month to keep your concessional registration legal. For those on email, your renewal notice went out early May and for those who get their Colonial by Australia Post, it is included in this issue.

### Electric Vehicles

For those missed the talk at the May meeting, I have included contacts points from their brochure, on the inside front cover.

I hope it is fine for Sunday 19th for our trip to see Ian's solar array. I get free electricity with just the few panels I have on my roof. Anyone thinking about rooftop panels should look into the interest free loan available.

Cheers, Helen

## **Trip to Bendigo to view the Elvis Presley at Gracelands exhibition**

A total of 14 people mustered at the Dinosaur Museum on the Barton Highway to set off for Bendigo to view the Elvis Presley at Gracelands exhibition being staged at the Bendigo Art Gallery.

First overnight stop was Corowa where a courtesy bus was arranged to take us to the Corowa Golf Club for dinner.

Second day transport stage took us straight to Bendigo for three nights.

Day three was to the Bendigo Art Gallery where we joined a queue of people to enter the exhibition.

The exhibition contained all kinds of Elvis memorabilia from his Holy Bible to his MG A and Harley Davidson motor bike.

The clothes he wore in his more than 20 movies and his stage performance jump suits were on display. Excerpts from some of his movies were screened in a theatre.

However, there was nothing of his later life.

We all enjoyed the exhibition and some of us then adjourned to the iconic Shamrock Hotel for lunch, sad to say the hotel is suffering from a lack of tender loving care.

Thursday was a free day to do what ever took our fancy. the Gittins decided to travel to Maldon and Castlemaine. At Maldon we stopped at a café where we order lemon tarts, they were to die for, and at a Castlemaine café we, together with the other patrons ordered the soup of the day which was delicious.

Grahame Crocket and Sue Davis took the opportunity to visit the Central Debra Mine and spent some time underground. Others took the opportunity to do some retail therapy.

That night we accompanied Wayne and Sandra Smith to a local Chinese restaurant where we were met by friendly staff and a delightful meal.

Joe and Liz Micallef travelled to Woodend to catch up with their Melbourne based son for dinner.

Friday saw us waving goodbye to Bendigo and heading to Shepparton on the way home. At Shepparton we visited the MOVE- Museum of Vehicle Evolution.

A large display area featuring local enthusiasts' vehicles, all on loan to the museum, which allows the museum to regularly refresh the exhibits. The day we visited the spotlight display was on Porsche cars.

A display of heavy vehicles, pre 1900 push bikes, and a display of Furphy water carts complete the display.

A special exhibition space featured 200 years of Australian fashion which was a big draw card for the ladies. If ever you are in the Shepparton area do not go past the MOVE you will not be disappointed.

We all reached home in Canberra without incident.

The week allowed sufficient time for people to do their own thing and then to catch up at happy hour.

The weather was kind to us – no rain but cold morning and evenings.

Next trip is in the planning stages to view the Silo art in Victoria in March/April 2023. If interested, contact Graham Gittins [gittins@iinet.net.au](mailto:gittins@iinet.net.au)

## Mundi Mundi Bash

Ken and Judy Herne and Michael and Anne Toole departed Canberra on Easter Saturday 2022 heading towards Silverton for the inaugural 2021 Mundi Mundi bash that was delayed for 12 months because of Covid.

The Broken Hill Mundi Mundi Bash, Australia's newest outback music festival was set on the stunning red dirt of the Mundi Mundi Plains with the beautiful Barrier Ranges as a backdrop.

It had a stellar line up of Australian rock legends headlined by Paul Kelly, John Williamson, Russell Morris, Glen Shorrock, Kate Cebrano, Dragon and many others and was located close to the historic Broken Hill region which has so much to offer those looking for history, outback adventure, natural beauty, arts and more.

Forbes was our first stop, then Cobar and then into Broken Hill for two nights camping at the race course, and it rained, where we teamed up with John Tibben a friend of Ken's.

Wednesday morning we departed early and arrived at the Mundi Mundi plains and were allocated a camping spot. We were lucky as we only had to wait in the queue for 30 minutes, but we found out that with the rain delays there was a 5 hours wait in the queue for campsite allocation on Tuesday. There were 9000 people at the concert and they arrived over 3 days.

We set up camp and had a leisurely day settling in as the concert started on Thursday. From Thursday to Saturday we were entertained by Australian music royalty from 2 pm to 8 pm each day.

Sunday was a day of rest. We decided not to join the 8,000 people in 4,000 caravans trying to depart early to beat the rush. We had decided to camp an extra day to make the dawn service on Monday morning, after which we departed Mundi Mundi. Anne and I heading to Queensland to visit relatives and Ken and Judy heading to South Australia, and then to continue on their journey around Australia that was cancelled in 2020 because of Covid.

At the camp site you had to be self-contained as there was no water, no electricity, and no alcohol for sale so you had to bring your own. Luckily both Ken's and our van are solar powered and both are able to carry enough water (and alcohol) to provide us with a comfortable campsite. And yes, I was able to shower (very quickly) each day. I now know that 140 litres of water will sustain Anne and I over 6 days (5 nights) in cleanliness as well as providing washing up water and drinking water.

In summary, a three day concert rocking the plains west of broken hill with top quality artists.

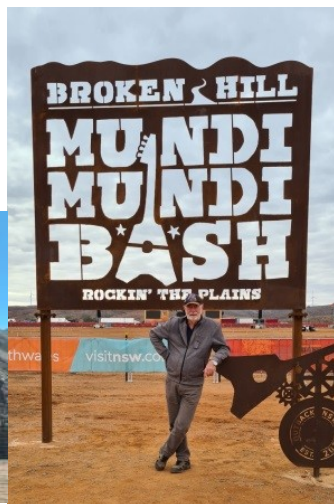

Was it worth the hassle of driving all that distance, camping in the bush and then driving home again? – Certainly.

Would I go again? – Definitely.

## The Club puts on a display at Seniors Expo

The Council of the Aging (COTA) Seniors Expo was conducted at EPIC on Thursday 26 May.

The Club was invited to display members cars and 12 members answered the call with a wide range of vehicles on display. The Club was also invited to provide a stall inside the Coorong building which was staffed by Joe Micallef, Graham Gittins, Roger Amos and Graham Waite.

The Expo attracts senior citizens from in and around Canberra, Goulburn, Yass, Cooma, Southern Highlands, and the South Coast.

The Expo brings together organisations, and community groups to show what they offer to senior citizens- and included: the Australian Federal Police and seniors' safety, mobility companies with a range of the mobile battery-operated chairs, Canberra Bonzi Club with their miniature trees and plants, were just a sample of the more than 200 stalls. *Don't forget the two miniature railways and the various entertainment groups and the travel companies, the wandering robots and I found the COTA Insurance stall very helpful. They do offer some cover for Covid for travellers. Ed.*

A passing parade of people kept Joe busy answering questions about the club and members vehicles. The Club stall was decorated with a range of images of club events, members vehicles, membership application forms, a club brochure, and back copies of the Colonial magazine.

While out in the car park the club vehicles attracted the attention of people arriving taking photographs and chatting to the vehicle owners. Club members who attended were:

Ray Gallagher, Michael and Vanda Catanzariti, Michael, and Ann Toole  
Joe Micallef, Graham Gittins, Scott Molloy, Graham Waite, Graham Bigg, Dino Benedetti, Paul Flint, Charlie Adams, Dave Byers and Roger Amos.

Thanks Graham Gittins

## Guidelines for the use of ACT Concessionally Registered Vehicles

The By-Laws are available on our club website for members to check if they are unsure of the rules.

Please, if your car is registered through our Club, advise the Registration Officer if you are going to use your vehicle for an event not advertised in the Colonial.

or by email: [rjacgs@hotmail.com](mailto:rjacgs@hotmail.com)

OR

Think ahead and get your event listed in the Colonial. Attendance at charity events is NOT exempt from the rules and you must get it listed in the Colonial. Remember this also applies if you are going to an event with a one make club you belong to, but your car is registered through CACMC.

Carry your Colonial with you or at least the relevant pages.

## REMINDER

We are obliged to keep our membership database with regard to vehicles on concessional registration, as up-to-date as possible.

Members' help is therefore required to do this. Please advise the Membership Secretary, Richard Thwaites if:

If you are taking a vehicle off ACT concessional registration.

All new registrations need to be reported to the Club Registrar and the Membership Secretary.

So if you are changing a vehicle from full registration to CRS you will be having it examined by one of our Club Examiners for suitability for CRS in particular with regard to modifications. You can ask the Examiner to advise the Registrar and Membership Secretary or send off a quick email yourself. You will find their details on pages 2 and 3. Or text Bob Alexander on 0417 880 064 and Richard Thwaites on 0414 241 079.

Your help is much appreciated.
