President's Message

It has been a long, dry summer. Our club events have been very well attended, but we still trust that cooler weather in future will encourage more of our antique and classic cars to venture out. Our first priority is to put on an impressive show at the Wheels 2026 display on 22 March, displaying the range and quality of our vehicles.

A few members have come forward with offers to help in the tasks of running the various activities that make this club worth joining. We understand that many members have busy lives that make extra commitments difficult. There may be ways that some of you can help even with small commitments of time. Please don't be shy to talk to our Committee members.

By next month, I hope we can announce that all our club positions and tasks have been spoken for.

Lets keep the wheels rolling!

Richard Thwaites

President

Editors Page

Well despite me saying that Feb was going to be my last edition, it hasn't quite worked out that way, so I'm afraid you are stuck with me for the foreseeable future I aim to continue to put together editions of the Colonial for as long as I'm still here in Canberra.

I have had some interest from Andrew McLintock in a 'Deputy-type' role, and his help and suggestions are very much appreciated. With this in mind we are trying a different format this edition going to an A4 format using Word. It appears that Microsoft will no longer be supporting Publisher so we have to move to a platform that anyone can use. (Any takers?)

So all my hard work pulling together a 'How To' guide using Publisher is now out the Window. However, this does make things a little easier using Word as stories and articles (BIG HINT THERE!!!!) can easily be incorporated.

So Andrew and I look forward to the flood of contributions that we know will come from our Members 😊

P.S This slight delay in our departure also means that Michelle will continue in her Supper role for the time being, providing nice tasty things at the meetings, so be nice to her!

Friday Social Events

If you are retired or semi-retired, you may like to join other Club members for a lunch and a catch-up on the first Friday of every month at Canberra Southern Cross Club.

The group usually spends about an hour or so over lunch talking mainly about cars and restorations taking place. It is a trove of knowledge that is passed to one another.

So why not come along and join us— All welcome.

Captains Flat Run - 15 Feb 2026

Our members enjoyed some nice weather for our run to Captains Flat pub. We had 24 cars attend and around 40 members attended for lunch.

As far as I know all the cars behaved themselves. The food by all reports was really good and served in a timely fashion. Thanks to all who attended and we trust you enjoyed the run and company at lunch.

Thanks to Geoff Hall for taking photos and moving pictures of the run.

More photos and videos can be found on the Club's Facebook page.

Club Sanctioned Events

You will notice some events listed on page 11 have a # in the title. This means they are a club sanctioned event where members participation is being sought. These go under club runs in your log book.

A member may advise the club (best the Registrar or Secretary) if they wish to participate in any other club event, be it local or interstate. The club official records that participation and the member may then record the participation under a club event, provided the route to/from (more appropriately for interstate events) is mostly direct.

The operator may choose to use a combination of club and private use entitlements, an outline of which should be advised to the club officials before departure. Obviously for a rally over long distances, club entitlement is appropriate.

If operators wish to combine an interstate club event with a period of private use, that is also permitted under the system principles. Integrity and common sense are required as any seeming abuse will impact the entire historic vehicle community.

MEMBERS PLEASE NOTE: YOU MUST HAVE A LOG BOOK OTHERWISE IT IS ILLEGAL TO TAKE YOUR VEHICLE ON THE ROAD.

Library Corner

Don't forget we are still looking for pre 1987 Colonials. Why not have a look in your collection and see if you have any?

We are continuing to cull books that have not been taken out, or are outdated. However we continue to accumulate workshop manuals.

In the last edition I said I get a lot of help from car forums. I have a 1998 Mercedes with electric windows and the Mercedes Forum came to my aid with lots of info on how to remove and reinstall the motor and drive mechanism, which I must say is a bit daunting on the first go. Anyway, the point is there are usually first class guys prepared to help if you are in trouble....and it costs nothing. (yes there are some unhelpful suggestions sometimes, like they don't understand the problem and provide irrelevant advice, but I just say thank you and ignore those.)

In my case a guy sent me multiple pics to show how to get the job done.

BTW the problem was caused by the failure of a tiny plastic part...Grrrr.

The Next Ballot

At our next meeting we will be offering the following up for the free ballot:

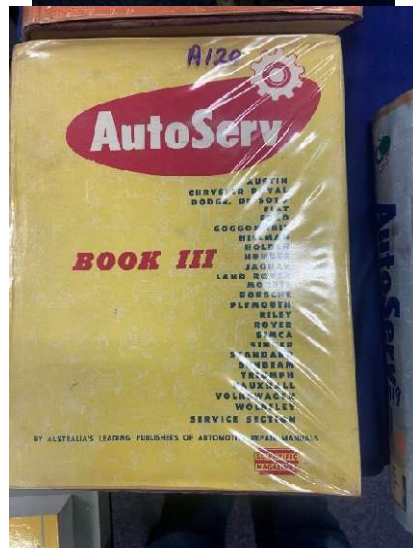

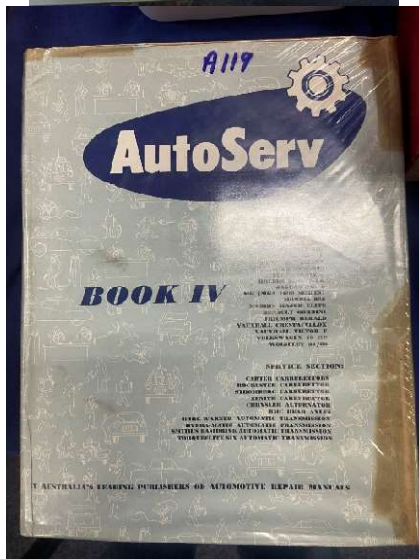

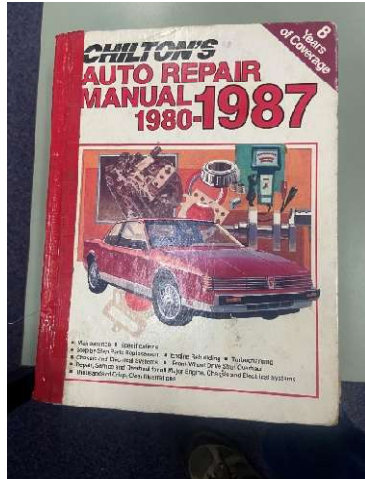

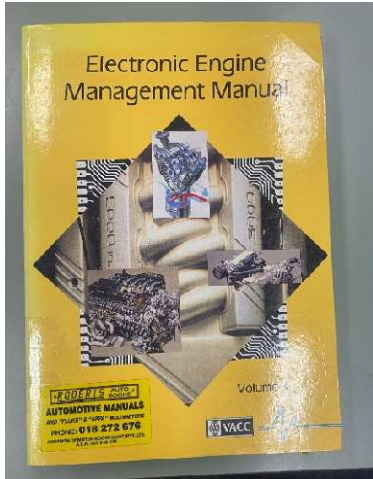

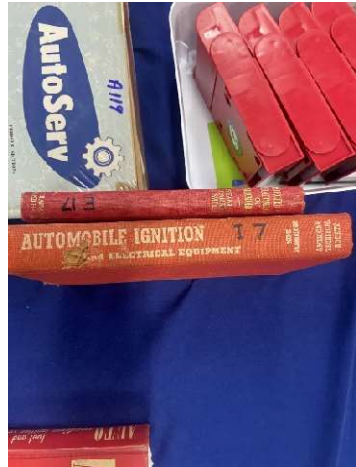

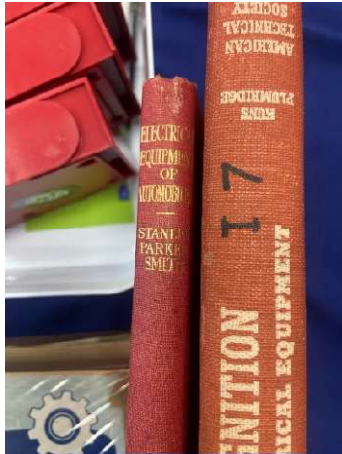

I cant tell what year this belongs to, and it appears to not have been issued with a car. Unfortunately it is marred by the CACMC Club stamp and Library Number, but otherwise in excellent condition. The picture of the dash may give the year away.

Also we will allocate by ballot:

“Electric Equipment of Automobiles”

And all these books:

Did you know we had a speedway back in the day?

Established at Watson in 1951, this image of the cars tearing around the track was taken in 1962.

The speedway was named after Billy Ginn, a member of one of the pioneering families who made their home on the Limestone Plains.
